MEMORANDUM FOR THE DIRECTOR

SUBJECT: Bunker's 24 May Weekly (Saigon 26566)

1. Pressed as you are on the Middle East, I suggest you skip virtually all of this. It is good but contains little you really need to see.

2. I do suggest you read the first two paragraphs which show that Bunker has a keen eye for what is going on and what his role must be.

George A. Carver, Jr.
Special Assistant for Vietnamese Affairs
